AXA Claims and Medical Assistance

If you'd like to make a claim against your travel insurance policy, please [visit our online contact form](#) so we can direct your claim to the appropriate team and ensure that your case is investigated as quickly as possible.

In the event of an urgent medical situation during your trip, please call the AXA Emergency Assistance team on [+44 \(0\) 203 126 4042](#). This line is open 24 hours a day, 365 days a year.

For non-emergency medical situations, you can access advice via the Medical Consultation Service, detailed below.

Medical Consultation Service - talk to a doctor by phone or video, from anywhere in the world

In partnership with our insurer, AXA, your policy includes access to the Medical Consultation Service, which allows you to schedule a remote one-to-one appointment with a doctor, at a time convenient to you, so you can discuss symptoms, diagnosis and treatment options at the earliest possible opportunity.

After a phone or video appointment via the Doctor Please! app, you'll even have access to the doctor's notes and any prescriptions to collect medication at a local pharmacy.

To benefit from this service, please download the Doctor Please! app before you depart on your trip from either the Apple Store or Google Play Store, depending on your device.

You can also call the AXA Assistance team on [+44 \(0\) 203 126 4042](tel:+442031264042) and select option 3 to request a call back from a registered doctor, who will be in touch as soon as they're available.

When providing your details, you'll be asked for the following access code:

Medical advice access code: UK0421

Please note that the teleconsultation service is accessible to eligible customers above 18 years old, and video consultations can only be scheduled via the Doctor Please! app.

For more information about this service and the medical advice it provides, please visit our [Travel Insurance FAQ](#).

Add your policy details to your digital wallet

It's always helpful to have confirmation of your insurance and contact details in case of emergency readily available.

You can download the PKPASS file we've attached to this email to securely add your policy details to a digital wallet app, so that they're close to hand whenever you need them.

For users of Apple devices, the Apple Wallet app will already be installed and your pass will appear there.

For users of Android or Microsoft devices, you can browse and install a range of digital wallet apps through either the [Google Play Store](#) (Android) or the [Microsoft Store](#) (Microsoft).

Please note that some devices may not be able to download and display the PKPASS file.

Important information

Policy documents

Your policy documents are attached to this email:

1. Policy Schedule - a certificate of your Travel Insurance. Your dates of cover and personal details are listed here.
2. Policy Wording - full terms and conditions of your Travel Insurance and the scope and level of the cover provided.
3. Insurance Product Information Document (IPID) - a summary of the key features of your Travel Insurance.
4. Coverwise Terms of Business - important information about our insurance services.

Please download and retain a copy of each document for your records.

Demands and needs

To ensure you have the right cover for your trip, it is important that all the questions asked during the application process were answered accurately, honestly and completely.

Please note that this policy will be suitable as long as you, or anyone insured on this policy, are not:

- waiting to receive, or have received, any medical treatment (including prescribed medication, surgery, tests or investigations) within the last 2 years; or

- currently aware of any reason that may cause you to claim (such as suffering symptoms not yet discussed with a doctor or the health of relatives or other third parties which may cause the cancellation or the cutting short of a trip)

If you are unsure whether the questions within the application process were correctly completed, please contact us as soon as possible. If the answers provided were not accurate, honest and complete, your insurer could cancel your policy, treat it as if it never existed, refuse a claim or not pay a claim in full.

Changes to health during your period of insurance

If someone named on your policy experiences a change in health during the life of your policy, please contact us as soon as possible so we can establish whether the change will affect your cover.

Please note that it is important for your medical information to be accurate and up to date to avoid delays or difficulties in the event of a claim.

Before you get in touch to report a change in health, please make sure you have as much of the following available as possible:

- the date on which the symptoms of the change first began
- the date on which the symptoms of the change were first discussed with a medical practitioner
- the diagnosis (if applicable) provided by a medical practitioner
- the date on which your trip was booked (or multiple trips under an Annual policy)
- the outcome of any investigations or procedures related to the change
- the details of any proposed or booked tests or investigations related to the change

Your right to cancel

Your policy contains a cancellation period. If you find that this policy does not meet your needs, please contact us in writing within 14 days of receipt of your purchase. Your premium will be refunded as long as you have not travelled and do not intend to make a claim.

Sales and Service

If you need help with your policy for anything other than a claim or medical emergency, please [use our online contact form](#) to get in touch.
